WELCOME

What started as a nights and weekends passion project for our designers in 2007 has now grown into a vibrant downtown filled with beautiful architecture, rich interiors, clever brick usage and an impressive population of happy minifigures. And what better way to celebrate 15 years of Modular Building than by creating one of the models most-often requested by fans.

Welcome to the beautiful, historic **Boutique Hotel!** Inspired by turn-of-the-century European architecture, the unique wedge-shaped structure showcases a myriad of elegant forms and delicate details. It's also packed with small stories and subtle references to earlier models in the Modular Building range. See how many you can spot!

It's been an exciting 15 years of Modular Building! Here are all the models and many of the designers who made it happen.
