FRONT BONNET & HEADLIGHTS

FRONTHAUBE & SCHEINWERFER

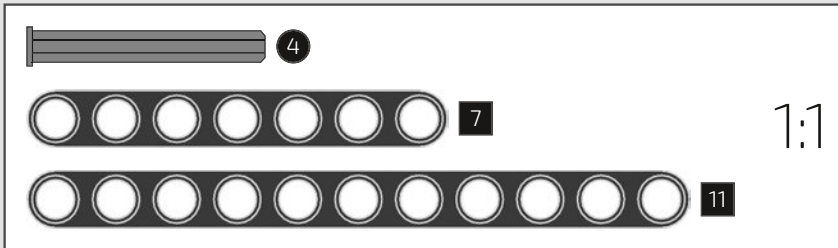

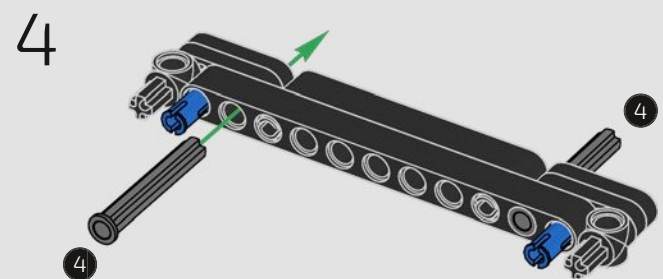

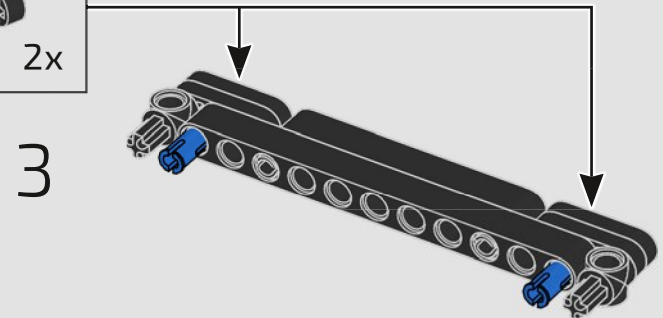

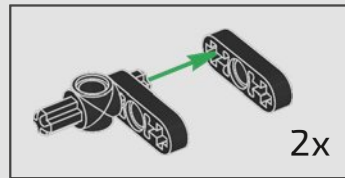

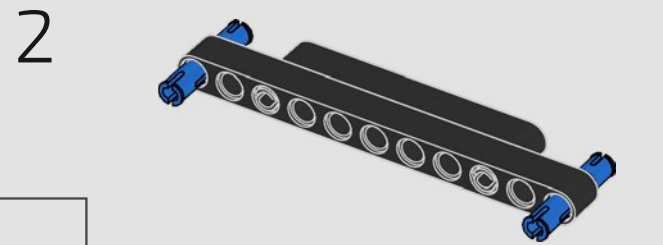

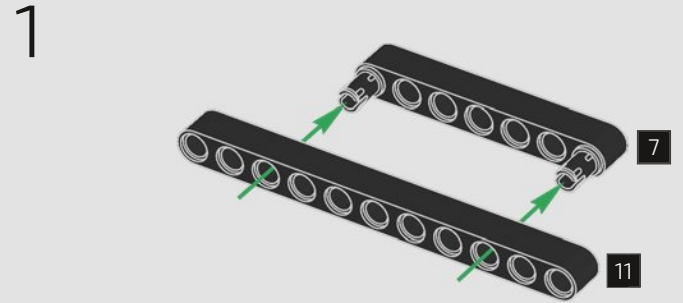

The slim lights on the McLaren P1™, now seen frequently in newer cars, were a novel feature at the time of its release. Aqua- and aerodynamic principles inspired so many aspects of the car, and the characteristic 'McLaren curve' dominates the car's surfaces, the McLaren logo, the P1 bonnet – and its headlights.

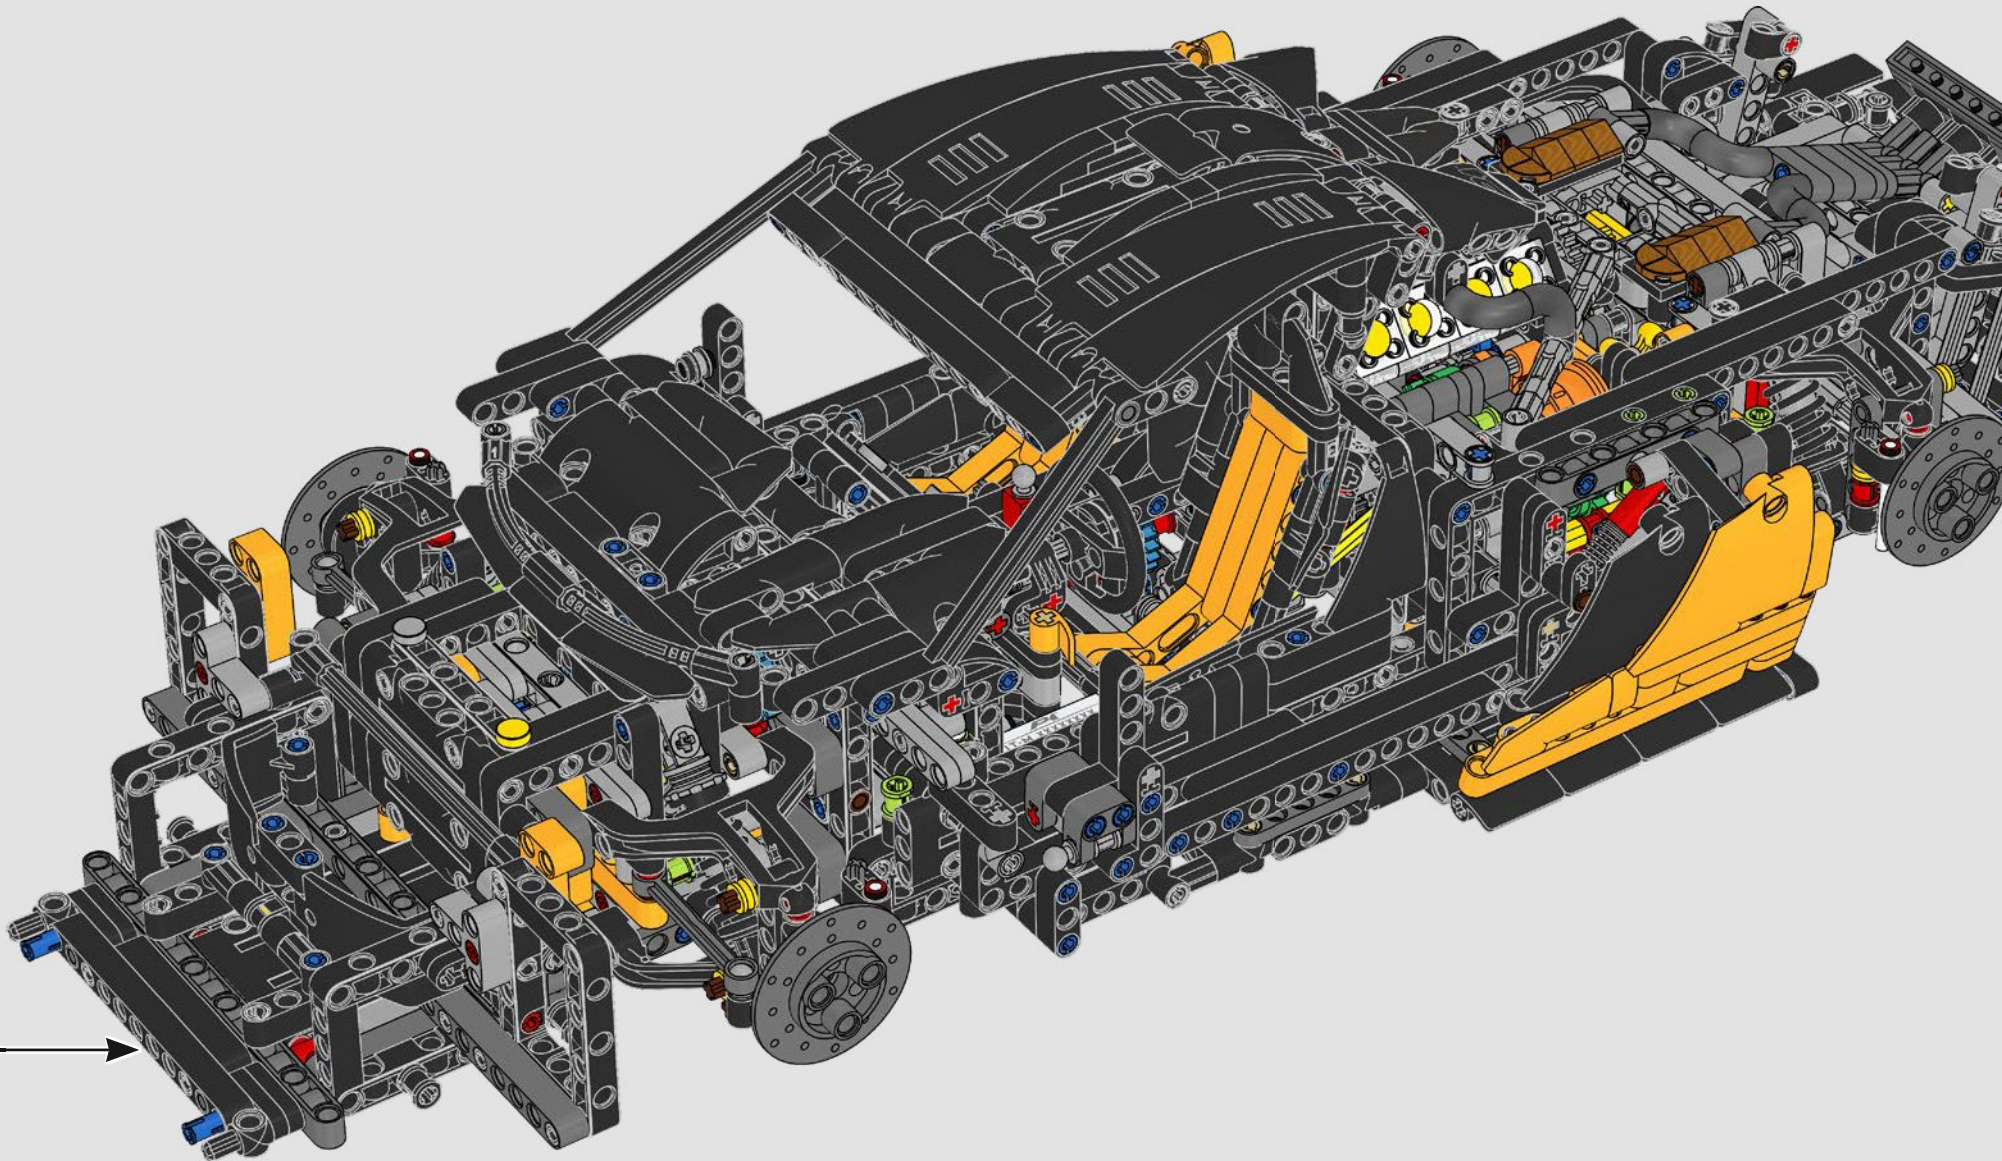

Die schmalen Scheinwerfer am McLaren P1™, die heute an neueren Autos häufig zu sehen sind, waren eine absolute Neuheit, als der Wagen auf den Markt kam. Aqua- und aerodynamische Prinzipien sind für viele Eigenschaften dieses Autos verantwortlich. Und die charakteristische „McLaren-Kurve“ dominiert die Oberflächen des Autos, das McLaren-Logo, die Fronthaube des P1 und sogar seine Scheinwerfer.
